The Clear Creek Sports Club near Corning, California will be the site for this four-day workshop. We're pleased to announce that "Retrieve Freedom," a non-profit organization that trains service dogs for disabled vets and autistic children, will receive a portion of the proceeds from this event. This basics/transition workshop is for dogs that are at least seven months old, ready for force-fetch, and doing simple land and water marks. Upper level transition dogs may be working on the introduction to cold blinds. Purina will host a dinner on Thursday night.

The format will be similar to Mike's other workshops with 8-10 handler/dog teams getting real-time coaching as they train their dogs on yard work, field drills, marking set-ups and simple blinds. The training will be customized for each dog so observers and handlers will see how the TotalRetriever program is actually implemented with a variety of dogs. Registration for observers and handlers is now open.
