Papillon Club of Southern California
is proud to Host:
A One-Day Seminar
STRUCTURE IN ACTION
by Pat Hastings

Seminar Location:
Orange Empire Dog Club Clubhouse 18225 Santa Ana Ave Bloomington CA
Saturday October 19, 2013
9:00 am - 5:00 pm

STRUCTURE IN ACTION will be a **one-day workshop on Saturday October 19, 2013**. This workshop combines Pat Hastings' Puppy Puzzle Presentation, as well as Hastings' discussion of the value of structurally evaluating adult dogs that are being considered for a breeding program, working trials or performance competition, along with a veterinarian's perspective on how to reduce the risk of structural injuries in working and performance dogs.

Dogs will do most anything we ask of them. The question is: Do we want to ask them to do things that they are structurally incapable of doing without breaking down? Is that what we really want to do to our most steadfast companions? The more we learn about canine structure, the more we understand what is reasonable to ask of our dogs, given their physical strengths and weaknesses.

AGENDA:

- ... How to evaluate the structural quality of puppies, 1-2 litters of puppies 7-9 weeks needed, please contact whstarpaps@sbcglobal.net if you will have puppies available (you will receive a FREE seminar).
- ... The basics of canine structure.
- ... The weakest links.
- ... How to evaluate the structural quality of your adult dog.
- ... What your dog can do and should not be doing?
- ... A vet's ideas on how to strengthen structure and reduce the risk of injury
- ... Questions and hands-on work with 10-12 invited adult dogs. Please contact whstarpaps@sbcglobal.net if you would like to volunteer your dog.
